

Peer Support Apprenticeship Provider Meet and Greet

8th December 2021 13:00 – 14:00

Are you a training provider looking to deliver the new level 3 Peer Support Apprenticeship?

Small Provider? Are you a small provider who currently provides excellent Peer Support training, but you aren't on the [Register of Apprenticeship Training Providers](#) (RoATP) so are struggling to understand how you could deliver the apprenticeship?

Large Provider? Are you a large provider, already on RoATP looking to deliver the Peer Support Apprenticeship but you realise the industry expertise you need to deliver the specialist training exists in smaller providers?

Come along to a virtual meet and greet to meet small and large training providers. This will be a fantastic opportunity to establish networks and explore models of delivery for the Peer Worker Apprenticeship
