

Thank  
you so  
Much

**When Kay Fawcett OBE leaves her role at Health Education England, she will I'm sure receive numerous messages of thanks from colleagues and on behalf of the team at Skills for Health, I want to add ours.**

**Over the past 8 plus years we have worked with Kay on a number of projects including the development and writing of the Care Certificate standards, various apprenticeship standards and the Volunteer Certificate. Her enthusiasm and commitment for nursing, healthcare support workers and volunteers has been so evident in everything she has done, and it's been an absolute honour to have shared at least some small part of her career.**

**We wish Kay all the best and on behalf of all the apprentices, healthcare support workers and volunteers to whose careers Kay has made a difference we just want to say a huge 'Thank you for everything'**

**Angelo Varetto  
Head of Standards, Apprenticeship and Qualifications at Skills for Health**
