LEVEL 4 CORPORATE RESPONSIBILITY AND SUSTAINABILITY PRACTITIONER

GREEN CAREERS WEEK

GREEN CAREERS WEEK

Green Careers Week is from 7th - 12th November. This has been launched by National Careers Week in partnership with STEM Learning. This week focuses on net zero jobs and green career pathways.

To celebrate, every day we are highlighting a fantastic apprenticeship standard in this area. Today we are putting a spotlight on the Level 4 Corporate Responsibility and Sustainability Practitioner.

36
months

Level 4

ST0934

OVERVIEW

Corporate Responsibility & Sustainability (CR&S) Practitioners are a social conscience for the organisation, helping innovate and drive ambitions for social and environmental change and make these a reality that are embedded and implemented across the organisation.

Practitioners may reach out into the community in order to work collaboratively, and in some cases to understand the views of external organisations such as charities, social enterprises, non-governmental organisations (NGOs), or local and central government. Furthermore, CR&S Practitioners are often ambassadors for their organisations, championing their CR&S strategy and expanding their network of influence in order to bring about positive impact.

An employee in this occupation will be responsible for contributing towards, and in some cases ownership of CR&S, campaigns, projects and events, making sure these are embedded by facilitating delivery. Depending on the size of the organisation, the CR&S Practitioner may be expected to contribute towards strategy design, internal and external communications and reporting, data management, research and horizon-scanning, and supporting budget management. Ultimately, they will be responsible for helping to ensure their organisation acts to embed the Strategy into every-day business practices and in turn managing risk and reputation.

ENTRY REQUIREMENTS

Employers will set the entry requirements for their apprenticeships.

QUALIFICATIONS

Apprentices without level 2 English and maths will need to achieve this level prior to taking the End-Point Assessment

TYPICAL JOB TITLES

Community investment coordinator

Corporate citizenship administrator

Sustainability coordinator

Corporate social responsibility (csr) administrator

Philanthropy coordinator

TRAINING PROVIDER

All providers who want to deliver apprenticeship training must be on the Register of Apprenticeship Training Providers (RoATP). Employers must choose a provider from the Register.

Providers must meet a clear set of criteria in order to be included on the Register. These include financial health, capacity/capability and quality criteria. If a provider does not meet these criteria they will not be included on the Register.

[Click here](#) for a list of registered providers for the Level 4 Corporate Responsibility and Sustainability Practitioner.

END POINT ASSESSMENT

As part of their apprenticeship, apprentices will have to complete end-point assessment.

The end-point assessment organisation will assess the apprentice in line with the Corporate Responsibility and Sustainability Practitioner End-point Assessment Plan. This ensures that all apprentices are assessed holistically to a consistent standard at the end of their apprenticeship.

Organisations offering end-point assessment will need to be registered on the Register of End-Point Assessment Organisations (RoEPAO).

APPRENTICESHIP STANDARDS IN FACILITIES & ESTATES - SUSTAINABILITY

Career progression is not linear. You can step in or out at any point depending on your experience, career goals. You must check that you meet the entry requirements for the apprenticeship you select.

- An apprenticeship combines practical training in a job with study
- Apprentices are employed and receive a salary
- Full-time apprentices are entitled to a minimum of 6 hours per week 'off the job' training time as part of their job.*
- If not already achieved apprentices will undertake maths and English qualifications
- A qualification taken during an apprenticeship is equal to the same qualification taken elsewhere
- Depending on the apprenticeship, upon successful completion, apprentices may be eligible to apply for professional registration

*The off the job minimum requirement for a part-time apprentice remains unchanged at 20% of their normal working hours. The new 'off the job' hours policy change only applies to new starts from 1 August 2022.

You may also be interested in mentoring, teaching, leadership or management apprenticeships.
