

Becoming a Numeracy Champion: Busting Myths, Changing Mindsets & Driving Change

Let's talk about maths: understanding mindsets to support numeracy in the workplace

Many people are held back by maths anxiety and low confidence with numbers.

Join our CPD accredited workshop which aims to give you the knowledge and understanding you need to support staff who have low confidence in numeracy.

The programme is not about teaching maths, but focuses on supporting learners who feel anxious with numbers.

You don't have to be a maths specialist - just a supportive person to talk to about maths.

Online Programme Timetable

Session 1:

Numeracy: Culture, Maths Anxiety & Impact An
Attitudinal Approach: Value, Belief & Persistence

Session 2:

How to Implement a Numeracy Project Taking
Learning into Practice

These online workshops are delivered on Zoom and participants will be sent a link by National Numeracy.
