

Becoming a Numeracy Champion

Learn to support adults with their confidence and skills in numeracy without having to teach maths.

CPD
accredited

Let's talk about maths

Find out how to support your colleagues to feel more confident with numbers

Join our CPD accredited programme, which gives you the knowledge and understanding you need to support staff who have low confidence with numeracy.

The programme is not about teaching maths, but focuses on helping adults who may feel anxious with numbers. You don't have to be a maths specialist - just a supportive person to help others get started in improving their confidence and maths skills.

This programme is suitable for those supporting others in their organisation, such as learning and development teams, Care Certificate leads, Apprenticeship leads and Functional Skills tutors.

The programme runs across two sessions. Participants are expected to attend both sessions. The online sessions are delivered on Zoom and participants will be sent joining instructions by National Numeracy.

To sign up, please click on your preferred date below

Thursday 9th and 16th March 1:30pm - 4:30pm

Wednesday 22nd and 29th March 9:30am - 12:30pm

The programme is fully funded by Health Education England. If you are unable to attend after registering, it is important that you let National Numeracy know by emailing training@nationalnumeracy.org.uk as soon as possible.
