### **WHAT HAS BEEN THE BEST PART OF YOUR APPRENTICESHIP?**

The best part for me so far has been reflecting on how far I've come in such a short space of time. Reflecting with my educator and for my own CPD, it has really hit home not just how much more knowledge I have, but also how much more confident I am feeling in my own abilities as a therapist and as a student.

### **WHAT HAS BEEN YOUR PROUDEST ACHIEVEMENT ON YOUR APPRENTICESHIP TO DATE?**

My proudest achievement has been completing my placement documentation for placement 2 and realising just how much my previous knowledge and skills have contributed to my abilities on placement, helping me to reach skilled levels ahead of expectations.

### **WHAT WOULD YOU SAY TO SOMEONE CONSIDERING AN APPRENTICESHIP?**

Be ready to put in the hard work and it really is worth it.
