WHAT HAS BEEN THE BEST PART OF YOUR APPRENTICESHIP?

I only started my apprenticeship in September, and I am already learning so much from both teaching staff (who go the extra mile) and fellow students. The support available from the whole team including my amazing workplace (OT) mentor and ward manager who kindly agreed for me to commence my training, is so very welcomed and greatly appreciated.

WHAT HAS BEEN YOUR PROUDEST ACHIEVEMENT ON YOUR APPRENTICESHIP TO DATE?

Completing my first assignment and receiving such positive feedback after being away from University for such a long time. The support and guidance from my lecturers has helped to raise my confidence and self-esteem.

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING AN APPRENTICESHIP?

Take the first step and speak with your line manager as well as the wonderful Apprenticeship and Career Development Team who will provide all the information necessary for you to start your journey.
